

# Why Should Your Field Service Management Platform Offer a 360-Degree View?

## **Multiple Features Included**

Access all the digital tools needed to manage a high-performing workforce.

## **Powerful Digital Forms**

Handle paperwork digitally to reduce expenses and obtain critical information faster.

## **Accurate and On-Site Timekeeping**

Allow workers to clock in and out on smartphones or tablets while at a job site.

## **Digital Scheduling and Job Dispatching**

Assign daily tasks digitally and reduce unnecessary and costly downtime.

## **Dynamic Tracking of Employees, Fleet, and Materials**

Get GPS data on vehicles, assets, and employees to ensure resources are safe and accountable.

## **Effortless Communications and Messaging**

Stay updated with enhanced communications between the office and the field.
