

# Form: Example Application

## Do you know ...

Our **purchase order request forms** help field employees submit requests for additional parts or expenses?

- Employees can indicate which parts are needed while capturing additional details, including pictures.
- Office staff receive and approve the requests, providing field employees with necessary tools and parts faster.
- Errors from form corrections, poor penmanship, and inaccuracies can be reduced.

The streamlined process helps employees **get the job done quicker and prevent errors.**
