

Meet the
Swiss Army Knife
of Workforce
Management Apps

Looking for a workforce manager solution that's versatile, reliable, and efficient? Look no further than our app.
-It's like a Swiss Army knife for your business!

Our solution offers multiple different capabilities within a single app.

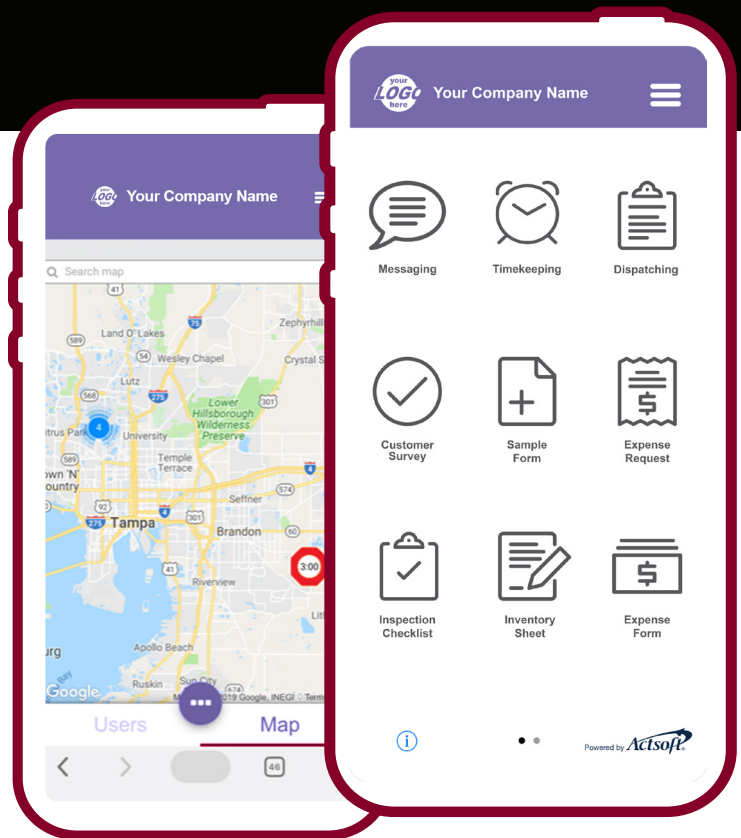

Enhance productivity and profitability via digital transformation.

Streamline data collection and provide more effective customer service.

Just like a Swiss Army knife, our app is compact, easy to use, and packed with useful tools.

- **Wireless Forms** – Eliminate paperwork costs, delays, and errors via digital forms.
- **Job Dispatching** – Serve more customers with electronic work order management.
- **Mobile Timekeeping** – Enhance efficiency by enabling employees to clock in/out using mobile devices.
- **GPS Tracking** – Monitor employees, vehicles, and equipment in the field for better visibility.
- **API Integration** – Reduce manual entry by having data exchanged with your third-party systems.
- **Intra-Company Messaging** – Communicate with multiple employees quickly and stay updated.

Try it out today and see how TeamWherx can streamline your business operations!
