

Form: Example Application

Do you know ...

Our **product theft forms** help companies document and report losses?

- Employees can digitally submit details of a loss / theft for proper investigation.
- The event date, time, description, photos, physical security measures in place, and value of the loss can be documented.
- Alerts can be set up to immediately inform supervisors about the incident.

The forms help companies **identify how / where to implement better security measures to prevent future incidents.**
