POLISH YOUR CLEANING COMPANY'S PROFITS WITH THESE SIMPLE PRODUCTIVITY HACKS:

Use workforce management software to **sweep up valuable data** about project progress and ensure solid service quality.

Automate email marketing to **tidy up** the customer experience by requesting feedback.

Digitize timekeeping, payroll, and paperwork to **clean up** your administrative processes.

Throw out **messy scheduling and wasted time** by routing available and nearby cleaning staff to new jobs.

Streamline inventory and **declutter your checklists** by scanning equipment barcodes automatically.
