

# Actsoft®

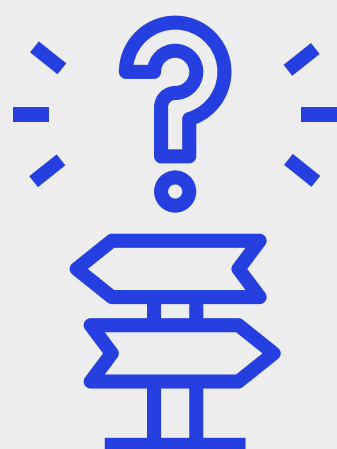

## Benefits of Real-Time Visibility for Managers

Unlock operational clarity straight from the field—anytime, anywhere.

### 1. Faster Decision-Making

- Make immediate, informed decisions with real-time updates
- Respond quickly to changes, delays, or disruptions in the field

### 2. Accurate Location Tracking

- Monitor team locations at all times
- Improve dispatching, ensure accountability, and boost safety

# 68%

of companies using mobile workforce management achieve real-time visibility into field operations\*

### 3. Improved Operational Efficiency

- Detect inefficiencies in routes, scheduling, and task execution
- Make real-time adjustments to increase productivity

### 4. Performance Transparency

- Track KPIs and workload distribution live
- Ensure service quality with full operational visibility

### 5. Enhanced Communication

- Bridge office-field gaps with up-to-the-minute info
- Avoid delays caused by outdated or missing data

**Next Steps: Take Action**
